Amy Rigby has been compared to everyone from Elvis Costello to Carole King but “has no peer on the current pop scene” according to the Chicago Reader. Her five previous albums have sold over 30.000 copies and provoked dozens of rave reviews and a growing cult audience. Rigby toured solo and as a support for Warren Zevon, Billy Bragg and Steve Earle.

LITTLE FUGITIVE is Amy Rigby's best album yet.

Produced by Rigby and Jon Graboff (Ryan Adams, Laura Cantrell) and mixed by Don Dixon (REM, James McMurtrey), Little Fugitive features 12 witty and wonderful pop gems and features the single “Dancin With Joey Ramone”.
