Blue Rodeo
Are You Ready
RRCD 3251

Release Date: **September 13, 2005**
Price: **7.00 euro**

Are You Ready puts an exclamation point on Blue Rodeo's already illustrious career. Conceptually, the new album was designed to be an all-acoustic record, but became half electric along the way. It contains all the trademark hooks and harmonies that have graced their previous releases, but with more emphasis on the Country sensibility that made *5 Days In July* their bestselling and most comfortable album. *Are You Ready's* standout selections include Greg's rockin' title track, the emotional "Tired Of Pretending" and "Up On That Cloud," Jim's beautifully flowing "I Will," "Runaway Train" and of course, "Can't Help Wondering Why" – a warm and breezy tune that doesn't overwhelm, but provides classic hooks and leaves the listener with a good feeling.

Includes: "Can't Help Wondering Why," "Are You Ready," "Rena," "Up on That Cloud," "I Will," "Phaedra's Meadow," "Runaway Train," "Stuck on You," "Beverley Street," "Finger Lakes," "Tired of Pretending," "Don't Get Angry"
