The latest single from *"The most singularly gifted songwriter of his generation"*
– The Independent

- No More Workhorse Blues' is the second single from the acclaimed '**...sings Greatest Palace Music**' album, which the **Observer Music Monthly** declared *"One of the most remarkable bodies of work in the history of Popular music"*
- Drastically re-recorded from the Palace original the song features the lugubrious & liquored tones of that other **Domino** legend **Silver Jew David Berman**.
- Available on CD & 7" the single feature **two brand new Bonnie Prince Billy tracks** 'Ruby' & 'The Kiss'.
- The **enhanced CD** features the **frankly quite sinister & disturbing video** for 'No More Workhorse Blues', directed by cult film maker **Harmony Korine (Gummo, Julian Donkey Boy)**.
- This will be the final of the series of singles from the album before **Bonnie returns with a brand new album in January**.
