

Bonnie “Prince” Billy / Cursed Sleep

Songs:

1. Cursed Sleep
2. The Signifying Wolf
3. God’s Small Song

Fuck yeah! Fresh cuts from **Bonnie “Prince” Billy** – so fresh that these sides aren’t even on a full-length record yet. And two out of three ain’t never will be, neither. Time to get you some “**Cursed Sleep**”, hmm?

As you will soon find out (right... now), “Cursed Sleep” is from the forthcoming album **THEN THE LETTING GO** – the first **Bonnie “Prince” Billy** all-new, all-solo (with band) music album since **2003’s MASTER AND EVERYONE**.

“**Cursed Sleep**” comes to you in two ways – the CD format we’re all so terribly familiar with and a 12” version as well. Here’s a twist or two for you – the CD isn’t enhanced this time around (though there will be a video, by and by) and all three songs are one side of the 12”. These are a little things, it’s best to keep the mini-masses guessing, we thinks...

The title track of this single is smooth, elegant and assured, with every bit of tangle hair in place. Swaggering in vocally with hitherto unknown quality and with a gang of string players in tow (the long-haired kind!), **Bonnie** receives harmonies alternately cute, cool and ballsy from one of his (and our) favourite singers, **Dawn “The Faun” McCarty**. Sweet melody abounds, as it should for an advance look into a mind-blowing new album.

And the rest –

Eyes flashing, “**The Signifying Wolf**” shuffles discordant through a snake-pit of questions, declamations and undulations – a dance we’re all familiar with, so grab a butt-plug and jump on in. The conga line forms to the rear.

As always, when it’s all through, there’s “**God’s Small Song**” to be sung – red-eyed and feeling no pain. Redempton, anyone? Sorry kiddo – this is **Bonnie**’s record and he’ll feel peace when he’s damned good and ready.

Whew – just three songs and we’re soaking wet. What’s the album gonna hold? A lot more water, for one – as well as the full complement of blood, bile and sweet hot cum that we always get from the **Bonnie “Prince”**. In the meantime, “Cursed Sleep” for everyone!
